Economics student, programmer, and artist hoping to make education and the arts work better **for everyone**.

WORK EXPERIENCE

Santa Monica Amusements LLC

Aug. 2024 – Present

Revenue Control Clerk

Santa Monica, CA

- Automated routine office tasks using Python (Selenium, OpenPyXL).
- Performed extensive high-value cash handling, verification, deposit, and distribution.
- Compiled and verified daily park revenue/operations reports for management and parent firm SC Holdings.
 - Worked extensively in Excel reporting financial data from CORE Cashless, NXT Capture, and AXPER reporting software along with manual totals from on-site counting machines.
- Opened and carried out office operations independently for 8+ hours a day, interfacing with management on behalf of the Revenue Department.
- Took initiative to streamline processes in Excel and update paperwork used in the office during extra time.

Woodland Hills Charter Elementary School

May 2025 – Present

Classroom Volunteer

Woodland Hills, CA

- Volunteer 4-8 hours weekly in kindergarten and second grade classrooms.
- Worked alongside experienced teachers to assist and supervise students throughout the school day.
- Managed small group activities and one-on-one work with students.
- Had lots of fun helping with special (particularly art) activities and class parties!

TreeTopBricks

July 2018 – Present

Independent Contractor – Store Manager

Topanga, CA

- Created and currently operate an online vintage LEGO storefront as a side project.
- Manage online listings and organize rotating inventory of several thousand items in over 1500 unique lots.
- 100% positive feedback from customers (across more than 100 orders).
