Avid social data analyst, data feminist, economist, and artist hoping to make public policy work better **for everyone**.

WORK EXPERIENCE

Santa Monica Amusements LLC **Aug. 2024 – Present**
Revenue Control Clerk *Santa Monica, CA*

- Automated routine office tasks using Python (Selenium, OpenPyXL).
- Performed extensive high-value cash handling, verification, deposit, and distribution.
- Compiled and verified daily park revenue reports for management and holding company.
    - Worked extensively in Excel reporting and organizing financial data.
    - Identified and helped resolve long-running understatement issues in daily and monthly reports.
- Carried out operations completely independently each day, interfacing with management on behalf of the Revenue Department.
- Took initiative to streamline processes in Excel and update paperwork used in the office during extra time.
- Earned a merit-based pay raise for my extra effort and excellent performance.

Woodland Hills Charter Elementary School **May 2025 – June 2026**
Classroom Volunteer *Woodland Hills, CA*

- Volunteered 6-8 hours weekly in kindergarten and second grade classrooms.
- Worked alongside experienced teachers to assist and supervise students throughout the school day.
- Managed small group activities and one-on-one work with students.
- Learned a lot about the daily operations (and struggles) of LAUSD affiliated charter schools and their staff.
- Had lots of fun helping with art activities and class parties!

TreeTopBricks **July 2018 – Present**
Independent Store Manager *Topanga, CA*

- Created and currently operate an online vintage LEGO storefront as a side project.
- Manage online listings and organize rotating inventory of several thousand items in over 1500 unique lots.
- 100% positive feedback from customers (across more than 150 orders).
